Ships Collection

- 1 This lot is from a member's ship collection. The collection consists of 86 covers and cards that have been posted aboard a ship, carried on a ship, feature voyages of a particular ship, or just identify a ship in some way. Many have cachets and most have machine cancels. About half of the lots have been previously offered as single lots in our auctions during the past year and did not sell. This is an opportunity to jump start a new collection or add to an existing ships collection. Low minimum bid of \$38.
